MARGARET RIVER • WESTERN AUSTRALIA

H A P P S      T H R E E   H I L L S

## Cabernet Sauvignon

Favourable climatic characteristics in the Happs Three Hills vineyard contribute to the conservation of grape flavour.

Ripening with a lower heat-load in the vital pre vintage period enables incredibly rich flavours and a naturally balanced wine.

## Happs Three Hills

The Happs Three Hills vineyard lies on the extreme south-western tip of Western Australia some 10km from both the Southern and the Indian Oceans.

A deliberate decision was made to release only the best wines from the best years under the Three Hills Label. Plantings were designed to maximise fruit and leaf exposure.

This is a vineyard designed for the vines rather than the tractor. There is absolutely no compromise of quality to achieve other ends. Yields are limited to 10 tons to the hectare.

## Summary Details

**Region:** Margaret River

**Colour:** Deep Ruby purple to crimson rim.

**Nose:** Heaps of red berry flavour, ripe cherry with a touch of chocolate and nougat.

**Palate:** A wine with backbone, rich fruit flavours, soft acidity and a warm attractive finish based on fruit and tannins.

**Blend:** Cabernet Sauvignon

**Alcohol content:** 14%

**Enclosure:** Stelvin

*"Whilst producing only 4% of Australia's wine, Western Australia can boast that over 25% of our premium wine is produced in the region....."*
